Learning is just the beginning

You've been absorbing a lot of information these past few years. Now it's time to channel your energy and innovative thinking into the world of commerce. IBMSD Cooperative Education Program is designed to provide the kind of valuable, real-world experience that accelerates preparation for an IT professional career, specifically in Infrastructure Operation and Management.

IBMSD joins with universities to provide work experience that offer students the opportunity to apply classroom theory to practice in the workplace. You would not only learn new technology, but also experience real business issues, get familiar with corporate culture and enhance your personal skills.

IBMSD Coop is enrolled in a cooperative education program at an accredited university, and pursuing a bachelor's degree. An IBMSD co-op student may work as full time during the second semester.

Eligibility Criteria:

To be eligible for IBMSD Cooperative Education Program, you must meet all the below criteria:

Program Period: 4 months

- Thai nationality
- Current 3rd or 4th year undergraduates in Computer Engineering, Computer Science, IT or other related IT fields
- Interest in learning and working in Infrastructure Operation and Management
- Be enthusiastic and highly responsible
- Good command of English
